# Information at a Glance About Plants for Attracting Birds, Game and Fish, Ornamental Water Plants.

COMPILED BY CLYDE B. TERRELL, NATURALIST & AQUATIC BIOLOGIST, OSHKOSH, WIS., U. S. A.

Plants for Various Conditions and Uses	THE PLANT—It's Value, Uses and Description	WHERE TO PLANT (In Fresh Water when not specified)	WHAT TO PLANT	WHEN TO PLANT		Quantity to Plant per Acre
				North U. S. Canada, etc.	South U. S. Mexico, etc.	
EXPLANATION Numbers refer to plants numbered in table. When number is preceded by *, plant is especially good for purpose named. It is understood that plants named below are suitable providing other conditions are favorable. (See Conditions, Uses and Where to Plant).	1. BULRUSH ( <i>Scirpus sp.</i> )—Cover and food for ducks. Blinds. 5 ft. high. Ornamental.	1 to 4 feet water—rich or sandy soil.	Roots	Apr. 1 to July 15	Apr. 1 to July 15	1000
	2. BUR REED ( <i>Sparganium sp.</i> )—Large seeds, excellent duck food. Odd ornamental plant.	Marshy, muddy spots or 1 ft. water.	Plants	Apr 15 to Aug. 1	Apr 15 to Aug. 1	1000
USES Food Plants for Attracting Wild Ducks & Waterfowl. 1,*2,4,5,*6A,*6B,7,8,10,*11,*12,13,*14,15,*17,*18,20,22,*23,*24,25,26,*27,*28,*29,30,*31,*32,*33,*34. Cover and Nesting Places for Waterfowl *1,*2,*3,7,10,13,*16,18,20,22,23,25,*33,*34,*35. Food, Cover and Nesting Places for Quail, Pheasants and Grouse. *4,*7,*18,*33,35. Food Producing and Shelter Plants for Fish. *1,*5,*6A,*6B,8,*11,*12,13,*14,*15,*17,*24,*25,*26,*27,*28,*29,*30,31,*32,*34,*35. Aquarium Plants. *5,*6A,*6B,11,12,*15,17,*23,24,25,26,27,28,29,*30,*32. Muskkrat Food and Cover. 1,*3,13,22,*23,25,26,*27,32,33,*34. Food for Waterfowl Farms. 4,*5,6A,6B,*7,*11,*12,*17,18,*24,*30,*33,34. Plants for Blinds. 1,*2,*3,*16,33,*34,*35. Ornamental Plants. 1,*2,*3,*9,10,10A,*13,18,*20,*21,*22,*23,*24,*25,*26,27,*28,33,*34,*35. Trees for Moist Soil *35B,*35C. CONDITIONS Alkali or Brackish Water. 1,2,*3,5,*6B,*11,12,14,16,*17,18,23,*28,*29,*31,*32,35. Salt Water. No. *8. Fresh Water With Outlet. Any fresh water plants if other conditions are OK. Fresh Water No Outlet. *1,*2,*3,5,*6A,*6B,*10,*10A,*11,*12,*13,*14,*16,*17,20,*22,23,*25,*26,*27,*28,*29,31. Small Shallow Streams, Springs, Artesian Wells, Open all Winter. 2,6A,6B, 10,*10A,17,*22,*23,*24,30,34. Water Subject to Considerable Waves or Current. 1,(*8 salt water only)15,*17,*31,*32. Places Dry in Summer, Overflowed in Winter, Fall or Spring. *4,*7,*18,*20,23,25,*33,*35. Places Deeply Flooded in Spring or Summer. 5,*6A,6B,11,*17,*18,*32. Marsh. 1,*2,*3,*10,*10A,*16,18,20,*22,*23,33,*34,35. Swamp *2,*3 18,20,*22,*23,34,35. Mud Flats. *2,*3,9A Water Iris, 10,10A,13,*18,*20,*22,*23,(25,27 when overflowed in spring),*33,*34,*35. Wet Soil. 2,3,7,9A Water Iris,*10,*10A,*16,*18,*20,*21,*22,*23,*33,(34 if flooded in spring),*35. Dry Soil. *4,*7,(*9 except Water Iris),*21,33,35. Sandy Soil. *1,3,*4,*5,*6A,*6B,*7,*8,9,10,*11,*12,*14,*16,*17,*23,*24,30,31,*32,34,*35. Rock Bottom,*5,*6A,*6B,11,30. Marl Bottom. *1,2,*3,5,6B,*11,*14,*17,23,26,*27,29,30,32. Shady Places. 5,6B,*7,17,*21,22,*23,*24,30,*35. High Altitudes. 2,3,*5,*6A,*6B,*7,*9,*10A,*11,*12,14,15,*17,18,*21,*22,23,*24,27,29,*30,32,33,34,*35.	3. CAT-TAIL ( <i>Typha latifolia</i> )—Attractive ornamental. Wildfowl cover. Blinds. Muskrat food.	Marshy, muddy or sandy spots. 1 ft. water.	Roots or Plants	Apr. 1 to July 1	Apr. 1 to July 1	1500
	4. CHUFA; NUTGRASS ( <i>Cyperus esculentus</i> )—Produces abundant nutlike tubers making good food for doves and quail, specially good for wildfowl if ground is flooded. Rapid grower and abundant food producer.	Dry land. For quail—doves, plow up tubers or let hogs root up. For ducks, land flooded in fall.	Tubers	Apr. 1 to June 15	Feb. 1 to July 1	1 Bu.
	5. COONTAIL ( <i>Ceratophyllum demersum</i> )—Submerged floating food plant for waterfowl and fish.	Still water. Any kind of bottom.	Plants	June 1 to Aug. 15	June 1 to Sept. 1	10 to 15 Bu.
	6. DUCK'S MEAT; DUCKWEEDS ( <i>Lemnaceae</i> )—Attracts both wild ducks and fish. Plants $\frac{1}{8}$ to $\frac{1}{4}$ inch wide, floating in masses. Entire plant eaten.	Small, quiet ponds, ditches or bays. Any bottom. <i>Lemna trisulca</i> shallow water, <i>Spirodela</i> any depth.	(A) Plants <i>Lemna trisulca</i> (B) Plants <i>Spirodela</i>	June 1 to Aug. 10	June 1 to Sept. 1	10 to 15 Bu.
	7. DUCK WHEAT; GOOSE BUCKWHEAT ( <i>Fagopyrum sp.</i> )—Wildfowl, Quail, Dove, Pheasant Food. Cover. Weed destroyer. Matures 11 wks.	Almost any drained soil. Moist cool climate.	Seed	May 1 to July 1	Mar. 15 to Aug. 1	60 to 90 Lbs.
	8. EEL GRASS ( <i>Zostera marina</i> )—Good duck and brant attraction for salt water.	Quiet, shallow salt water covered at low tide.	Plants or Roots	Apr. 15 to July 15	Apr. 1 to July 15	3 Bu.
	9. IRIS SP. Attractive flowers—various colors Perennial. (Price list describes varieties).	See price list. Fine for borders or clumps.	Plants or Roots	Apr. 15 to July 1	Apr. 15 to July 10	6 to 8 in. apart.
	10. MARSH MALLOW ( <i>Hibiscus Moscheutos</i> )—Duck food. Ornamental. Magnificent pink flowers 6 in. across	Damp places; waters edge. In garden if water often.	Roots or Plants	Apr. 15 to June 15	Apr. 15 to June 15	3 to 5 ft. Apart
	10A. MARSH MARIGOLD ( <i>Caltha palustris</i> )—Ornamental. 1 ft. high. Masses gold-colored flowers, blooming in early spring. Leaves cooked as greens.	Damp meadows; waters edge. Gardens, if water often.	Plants	Apr. 15 to June 15	Apr. 15 to June 15	20 bu.
	11. MUSKGRASS ( <i>Chara sp.</i> )—Attracts wild ducks. Recommended for fish ponds. Rapid grower.	1 to 15 ft. fresh or brackish water having lime.	Plants with oogonia (Seed)	July 20 to Nov. 15	July 20 to Nov. 15	4 to 5 Bu.
	12. NAIAS; BUSHY PONDWEED ( <i>Najas flexilis</i> )—Fine all around duck food and fish food and cover.	1 to 6 ft. water. Any except rocky soil.	Plants with seed	July 20 to Oct. 1	July 20 to Oct. 1	5 Bu.
	13. PICKEREL PLANT ( <i>Pontederia cordata</i> )—Duck food. A handsome ornamental plant. Purple flowers.	1 to 3 ft. water. Fairly rich soil.	Roots or Plants	May 1 to Aug. 1	May 1 to Aug. 1	600
	14. POND PLANT, FLOATING BROWN LEAF ( <i>Potamogeton natans</i> )—Attracts Wild Ducks and fish.	Fresh or brackish water 1 to 4½ feet deep.	Seed	Aug. 15 to Nov. 1	Aug. 15 to Nov. 1	40 Lbs.
	15. REDHEAD GRASS ( <i>Potamogeton perfoliatus</i> )—Submerged. Wildfowl and fish food. Good fish cover.	1 to 8 feet fresh water. Fairly rich bottom.	Roots	Apr. 1 to July 15	Apr. 1 to July 15	1200
	16. REED GRASS; 'CANES' ( <i>Phragmites communis</i> )—Waterfowl cover. Blinds. 8 ft. high. Ornamental	$\frac{1}{2}$ to 2 ft. water. Wet places. Any soil.	Roots	Apr. 1 to July 1	Apr. 1 to July 1	20 Bu.
	17. SAGO POND PLANT ( <i>P. pectinatus</i> )—Fine duck food. Ideal fish food and cover. Submerged.	1 to 10 ft. fresh, brackish or alkali water.	Tubers or Plants	April 1 to July 1	Feb. 1 to July 15	1200
	18. SMARTWEED ( <i>Polygonum pennsylvanicum</i> )—Good wild duck, quail and ruffed grouse food.	Land along shores, wet soil, mud flats.	Seed	Aug. 10 to Nov. 1	Aug. 10 to Nov. 1	40 Lbs.
	20. THALIA ( <i>Thalia sp.</i> )—Good Mallard attraction. Ornamental. Very showy. 6 to 10 ft. high. Cannalike leaves. Purple flowers.	Damp, muddy places and in water up to 18 inches deep. Rich soil.	Plants or Roots	Apr. 10 to June 1	Feb. 15 to June 1	3 ft apart.
	21. VIOLET, BLUE WISCONSIN ( <i>Viola papilionacea</i> )—Favorite wild flower. Deep blue.	Fairly rich moist soil.	Plants	Apr. 10 to June 25	Apr. 10 to June 25	9 inches apart.
	22. WAMPEE; WATER ARUM ( <i>Peltandra virginica</i> )—Attracts, Mallards, Wood Ducks. Ornamental.	Marsh, Swamp. Up to 18 in. water.	Plants	May 1 to July 1	Apr. 15 to July 1	2 ft. apart.
	23. WAPATO DUCK POTATO; ( <i>Sagittaria latifolia</i> )—Attracts all waterfowl. Ornamental. Arrow-shaped leaves; white and yellow flowers. Grows rapidly.	Shallow waters 1 inch to 18 inches deep; marshy, muddy spots.	Tubers or Plants	Mar. 15 to July 15	Feb. 15 to Aug. 1	1000 to 1500
	24. WATER CRESS ( <i>Sisymbrium nasturtium-aquaticum</i> )—Duck food. Green all winter in unfrozen streams. Use in salads and sandwiches; like peppers or radishes; or a garnish. Ornamental.	Shallow streams, springs, fountains, 1 to 8 inches water remaining open in winter.	Plants	Mar. 1 to Aug. 15	Jan. 15 to Oct. 15	1000
	25, 26, 27, 28, WATER LILLIES ( <i>Nymphaeaceae</i> )—Attract waterfowl. Provide food and shelter for fish. Ornamental. Handsome flowers. (See price list for varieties available and descriptions).	Tubers or plants, 1 to 4 ft. quiet, warm water.	Tubers-Plants All varieties	Apr. 1 to July 1	Apr. 1 to July 15	750
	29. WATER MILFOIL ( <i>Myriophyllum sp.</i> )—Excellent for fish ponds—aquariums. Attracts waterfowl	Seeds—Shallow water or start in tubs.	Lotus Seed	Mar. 1 to June 15	Oct. 1 to July 1	15 Lbs.
	30. WATER WEED, ELODEA ( <i>Philotria canadensis</i> )—For fish ponds, aquariums, duck farms. Rapid grower.	1 to 4 ft. quiet water. Fairly rich soil.	N. advena seed	Aug. & Sept.	Aug. & Sept.	10 Qts.
	31. WIDGEON GRASS ( <i>Ruppia sp.</i> )—Submerged wild duck food for alkali or brackish water.	1 to 5 ft. brackish or saline water.	Plants	May 15 to July 1	May 15 to July 10	7 Bu.
	32. WILD CELERY; TAPE GRASS; ( <i>Vallisneria spiralis</i> )—Unfailing attraction for Canvasbacks, Redheads, Blue-bills. Best fishing where it grows, provides food, shelter; keeps water fresh and clear insuring more fish reaching maturity. Submerged.	Quiet ponds streams or bays 1 to 8 ft. deep.	Plants	June 1 to Aug. 1	June 1 to Aug. 20	10 Bu.
	33. WILD DUCK MILLET; GOOSE GRASS ( <i>Echinochloa crus-galli</i> )—Food and cover for domesticated and wild waterfowl, quail, etc. Blinds. Matures 3 mo.	1 to 5 ft. brackish or saline water.	Roots or Plants	May 1 to July 1	May 1 to July 1	5 Bu.
	34. WILD RICE; DUCK OATS. ( <i>Zizania aquatica</i> and <i>Z. palustris</i> )—Exceptionally fine attraction for Mallards, Teal Pintails Black Ducks, Geese, Fish. Attractive clumps and backgrounds for water gardens.	$1\frac{1}{2}$ to 12 feet fresh or slightly brackish water. Sand, loam or mud soil. Soft rich soil and 2 to 7 feet water best.	Winter buds (Tubers) or Plants	Mar. 20 to July 20	Mar. 20 to Aug. 1	1200
	35. WILLOW ( <i>Salix sp.</i> )—Trees or shrubs adapted to wet soil for cover, blinds, shade. Rapid grower. Shade and keep trout streams cool.	Moist soil—not under water in summer. Mud flats.	Seed	Sept. 15 to Nov. 1	Sept. 15 to Nov. 1	50 Lbs.
		Partly sheltered, sunny, bay or pond with outlet. $\frac{1}{2}$ to 3 ft. water not salty to taste, or over 6 ft. higher in high than in low periods.	Seed	Apr. 1 to July 10	Mar. 1 to Aug. 1	40 Lbs.
		Almost any soil containing some moisture.	Plants	Sept. 15 to June 15 When waters	Sept. 15 to June 15 not frozen.	60 Lbs.
			Plants	May 15 to June 20	May 15 to June 20	15 Bu.
			Cuttings	Apr. 1 to July 1	Mar. 1 to July 1

## Terrell's Aquatic Farm

CLYDE B. TERRELL, Proprietor  
OSHKOSH, WISCONSIN, U. S. A.

Specialists in Plants, Shrubs, Trees and Vines That Attract All Kinds of Birds, Game and Fish. Water and Bog Plants. Trees and Shrubs for Shoreline Planting. Ornamental Water and Upland Plants, Trees and Shrubs.

Write Us If You Do Not Find What You Want On Our List. Terrell's Hardy Northern Grown Plants Succeed in North or South.

### DISCOUNTS:

4% discount during March.  
2% discount during April.  
(Shipment later if desired).

NOTE: These discounts apply on all prices quoted except for Widgeon Grass and Special Collections Nos. 1, 2, 3 and 4.

**FIRST COME FIRST SERVED!!** It is our rule to fill orders in turn as they are received and paid. To avoid disappointment, and get advantage of lowest prices, order now. Shipment made when material is in the best condition and at the proper time for planting in your locality. (See table "When to Plant" on opposite side.)

**MORE FOOD—MORE GAME.** You will usually get as many ducks, fish or game as you provide food for. Plant liberally and give your plantings every chance to prove successful, and accomplish your purpose.

**REFERENCES.** City National Bank, Oshkosh, Wis.; First National Bank, Oshkosh, Wis.; R. G. Dun & Co's Mercantile Reference Book; Am. Game Protective Ass'n. and Am. Fisheries Society, c/o Carlos Avery, Woolworth Bldg., New York City; Congressman Edw. E. Browne, House Office Bldg., Washington, D. C.; Izaak Walton League of America 536 Lake Shore Drive, Chicago, Ill.

**SHIPMENTS.** Express shipments are most generally satisfactory for our planting material. When so shipped it reaches destination quickly, in best condition for planting. However, Wild Duck Millet, Duck Wheat, Bur Reed, Smartweed, Water Cress, Smartweed and American Lotus seeds and Chufa tubers in lots of 100 lbs. or more, if you are not in a hurry for them, can be sent by Freight at a saving, on request.

Second class Express rates, 25% lower than first class, are secured on planting material. If you have no express office, we can ship Parcel Post. If you wish shipments sent Parcel Post, or to Foreign Countries, forward ample money to cover transportation charges.

**GUARANTEE.** If any of our planting materials fail to produce what the purchaser considers a satisfactory growth after giving planting sufficient time to establish itself, we GUARANTEE to replace it at half price, or send an equal value at half price of other planting material selected from our current price list.

### TERMS.

500 will be sold at 1,000 price; 50 at 100 price, 6 at 12 price, 5 at 10 price, except on special collections, or where otherwise stated. This applies whether sold at price per plant, per pound, ounce, bushel or peck.

Prices are F.O.B., Oshkosh, or other shipping point, unless otherwise stated.

Cash with Order or C.O.D. if desired. 2% Discount for Cash with Order. Prices subject to change without notice.

The following planting material will be furnished when in the best condition, at the best time for planting in your locality. (See "When to Plant" in Table on previous page.) Complete planting instructions sent with all orders.

1. **BULRUSH** (*Scirpus sp.*) Roots 1000—\$75.00; 100—\$10.00; 12—\$2.50; 3 for 85c.

2. **BUR REED** (*Sparganium sp.*) Roots or small plants—1000 \$75.; 100—\$10.; 12—\$3.; 3 for 85c. Seed Fall delivery \$1.50 lb.

3. **CAT TAIL** (*Typha latifolia*) Roots or plants 1000—\$75.00; 100—\$10.00; 12—\$1.50; 3 for 70c. Seed \$2.00 lb.; 25 lbs. or more \$1.50 lb.

4. **CHUFA, NUT GRASS** (*Cyperus esculentus*) Tubers. Qt., \$1., Postpaid \$1.15; Pk., \$4.50; Bu. \$15.00

5. **COCNTAIL** (*Ceratophyllum demersum*) Plants. June—July delivery Bu., \$6.50; 10 Bu. or more \$5.75 bu., Qt., \$1., Pk., \$2.50

6. **DUCK'S MEAT** (A) Submerged Floating Variety (*Lemna trisulca*), or (B) Surface Floating Variety (*Spirodela polyrrhiza*), May-June delivery. Bu. \$7; 10 Bu. or more \$6 Bu.; Pk., \$3.

7. **DUCK WHEAT, GOOSE BUCKWHEAT, SEED** 100lbs. or more 22c lb.; smaller lots 25c lb., 40c lb. postpaid.

8. **EEL GRASS** (*Zostera marina*) For salt water. Roots, Bu. \$20.00; 5 Bu. or more \$15.00 Bu. Cannot furnish less than 1 bu.

9. **IRIS** (A) *Iris versicolor*. Handsome blue flowers veined with yellow, swordlike leaves, early bloomer, and very hardy. Fine for borders of ponds. Grows in shallow water 1 to 10 in., deep and wet places. 1000—\$100.00; 100—\$15.00; Doz.—\$2.50; 3 for 85c.

9. (B) **YELLOW WATER IRIS** (*Iris Pseudacorus*). Grows in damp, marshy ground. Similar to Blue Water Iris except has bright yellow flowers veined with brown. 100—\$20.; 10—\$2.25; 3 for \$1.

9. (C) *Iris Germanica*. Flowers yellow, blue, white, and purple shades. Similar to Water Iris, except requires dry soil. Fine for borders. Early blooming, very hardy. Plants mixed colors. 100—\$5.; Doz. \$1.50; 4 for 85c.

10. **MARSH MALLOW** (*Hibiscus Moscheutos*). Has magnificent pink flowers 4 to 7 inches across. Blooms Aug.-Sept. Seeds eaten by Mallards and other ducks. Grows on damp soil, marsh, or at edge of water. Strong Roots for spring planting, 100 or more 25c each; 12 for \$5; 2 for \$1.

10. (a) **MARSH MARIGOLD** (*Caltha palustris*). Very attractive. Blossoms early in spring producing masses of gold colored flowers. Leaves cooked for greens. Plant on boggy ground or around edge of ponds and marshes. Plants ½ bu. or more \$8 bu.; 10 bu. or more \$7 bu.; peck \$2.50.

11. **MUSK GRASS**, (*Chara sp.*) Plants with (seed spores) Bu.—\$6.; 10 Bu. or more \$5. Bu.; Peck—\$3.; Qt.—\$1.

12. **NAIAS; BUSHY POND WEED** (*Naias flexilis*) plants covered with mature seeds. Late summer or fall delivery. 5 bu. or more \$10 per bu.; 1 bu. \$12.

13. **PICKEREL PLANT**—(*Pontederia cordata*). Plants 100—\$24.00; 12—\$3.; 3 for \$1.

14. **FLOATING BROWNLEAF POND PLANT** (*Potamogeton natans*) Seed \$2 lb.

15. **REDHEAD GRASS** (*Potamogeton perfoliatus*) Roots, or plants 1000—\$60.00; 100—\$7.50; 12—\$1.; 3 for 50c.

16. **REED GRASS**, (*Phragmites communis*) Roots. Bu.—\$7.50

17. **SAGO POND PLANT**. (*Potamogeton pectinatus*) Tubers or plants. 1000—\$45.00; 100—\$6.50; 12—\$1.; 3 for 35c. Seed for fall planting 25 lbs. or more \$1.50 per lb.; small lots \$1.65 per lb.

18. **SMARTWEED** (*Polygonum pennsylvanicum*) SEED, 100 lbs. or more 22c lb.; 25 lbs. or more, 24c lb.; smaller lots, 30c lb.; 40c lb. prepaid.

20. **THALIA** (*Thalia sp.*) Strong Plants. 100—\$40.00; 12 for \$5.00

21. **BLUE WISCONSIN VIOLET** (*Viola papilionacea*) Strong plants, 1000—\$80.00; 100—\$12.; 12—\$2.; 3 for 65c.

21. (b) **Birds Foot Violet**. Large, light blue flowers, suitable sandy soil. Strong plants, 1000 \$80; 100 \$12; 12 \$3; 3 for 65c.

22. **WAMPEE** (*Peltandra virginica*) Strong plants, 1000—\$115.00; 100—\$25.00; 12—\$3.50 Seed \$1 lb.; \$1.10 lb. postpaid.

23. **WAPATO DUCK POTATO, MUSKRAT POTATO, (Sagittaria latifolia)**. Tubers, 1000—\$32.; 3000 or more \$30. per 1000; 300 or more \$3.50 per 100; 100—\$5.; 12—\$1. postpaid; 3 for 40c, postpaid.

24. **WATER CRESS** (GENUINE) (*S. nasturtium aquaticum*) Plants, 1000—\$30.; 300 or more \$3.50 per 100; 100—\$5.; 12—\$1.; 3 for 40c. Seed. \$9. lb.; Oz. \$1. postpaid.

25. **AMERICAN LOTUS WATER LILY** (*Nelumbo lutea*) Rare, beautiful plant. Creamy yellow flowers 8 or 10 inches across. Seeds eaten by ducks. Adapted to lakes, ponds, and sloughs, along rivers. Grown in tubs. Seed, 15 lbs. or more (enough to properly seed a lake or slough) \$1.10 per lb., postpaid.

See opposite side for planting dates in your locality.

26. **WHITE WATER LILY** (*Castalia odorata*) White, sweet scented blossoms. Big bass lurk around lily pads. Tubers over 4 inches long (produce blossoms sooner), 1000—\$160; 100—\$20; 12 for \$3; 3 for \$1. Tubers under 4 inches long (just as certain to grow but take longer to produce blossoms), 1000—\$80; 100—\$10.

27. **YELLOW WATER LILY or SPATTERDOCK** (*Nuphar advena*) Deer and moose food. Seeds eaten by ducks. Yellow flowers. Good fish cover. Tubers or plants, 1000—\$125.00; 100—\$15.00; 12—\$2.50; 3 for \$1. Seed Fall delivery, \$5. per lb. 10 lbs. or more \$4.50 lb.

28. **BANANA WATER LILY** (*Castalia mexicana*) Very attractive to wild ducks. Good fish cover. Especially good for southern states. Handsome lemon colored blossoms. Tubers 1000—\$180.; 100—\$25. 12—\$3.; 3 for \$1.

29. **WATER MILFOIL** (*Myriophyllum sp.*) Plants, Bu. \$7; 10 Bu. or more \$6. Bu.

30. **WATER WEED, ELODEA** (*Philotria canadensis*) Plants, Bu. \$8.50; 5 Bu. or more \$7.50 Bu

31. **WIDGEON GRASS** (*Ruppia sp.*) Roots or plants. Bu. \$12.; Cannot furnish less than 1 bu.

32. **WILD CELERY** (*Vallisneria spiralis*) Winterbuds or plants. 3000 or more—\$33. per 1000; 1000—\$35.; 300 or more \$4. per 100; 100—\$5.; 12—\$1.; 3 for 50c. Seed Sept.-Oct. delivery, 100 lbs. \$100; 25 lbs. or more \$1.15 lb.; Smaller lots \$1.25 lb. or 1.35 lb. postpaid.

33. **WILD DUCK MILLET** (GOOSE GRASS). (*Echinochloa crus-galli*) Seed 100 lbs.—\$19.50; 25 lbs. or more 22c lb.; smaller lots 30c lb.; prepaid 40c lb.

34. **GIANT WILD RICE SEED**. Sure-growing. Larger grain, makes more feed. Requires less seed. 1000 lbs. or more 55c per lb.; 100 lbs. or more 60c per lb.; 30 lbs. (1 bu.) 63c per lb.; 5 lbs. or more 70c per lb. Smaller lots 80c per lb., or 92c per lb. prepaid. Spring delivery.

35. **WILLOWS** (*Salix sp.*) (A) **BASKET WILLOW** - a fast spreading variety suitable for blinds and cover. 1000—\$75.00; 100—\$10.00; 12—\$1.75. 5000 or more \$70. per 1000.

(B) **LAUREL LEAVED WILLOW**, Cuttings for shade trees. Grow quickly. Fine to screen clubhouses and buildings from wild game. Cuttings 4 to 6 ft. Each—\$1.; 3 for \$2.75; 12—\$10.; 100—\$65. 3 to 4 ft. 75c each; 3 for \$2.; 12 for \$5.; 100 for \$40.

35. (C) **PUSSY WILLOW** (*Salix discolor*). Thrive best in moist soil. At home by water's edge. Produce artistic effects in landscape gardening. Highly prized for cutting for home decoration. Large fur-like catkins 2 to 3 ft. 1000—\$300.; 100—\$40.; 10—\$5.; each 75c.

### SPECIAL

36. **WILD GRAPE**. Fine food and cover for Quail, Ruffed Grouse, Pheasants, Song Birds. Also eaten by Wild Ducks. Extensively used for screening blinds, buildings and porches. Grow on either dry or moist soil. Vines, 2 year—spring delivery, 500 or more 30c each; 100 or more 35c each; 12—\$7.50; 3 for \$2. 1 year Vines ½ price.

37. **WATER SHIELD** (*Brasenia*). An interesting plant for edgings of small aquatic gardens. Grows in 1 to 6 ft. of water. Floating leaves and small purple flowers. Food for ducks, and food and shelter for fish. Plants 100—\$25; 12 for \$3.00.

38. **WILD RICE PREPARED FOR TABLE USE**. Different, delicious, nutty flavor. Try it. Fancy parched \$1 per lb. F.O.B. Oshkosh; \$1.15 per lb. postpaid. Only limited quantity available.

39. **LESPEDeza** (*L. striata*). Excellent food for quail and rabbits. Hardy from Southern Indiana south. Plant 14 lbs. per acre on uplands. Lime if soil is acid. 100 lbs.—\$35.; 14 lbs.—\$5.60; 2 lbs. for \$1.00.

40. **WILD MEADOW ROSE** (*Rosa blanda*). These rose hips are favorite food of ruffed grouse, quail, prairie chicken and other upland game birds. Grows 2 to 4 feet high in moderately moist ground or good garden soil. Grows from Newfoundland south to Missouri. Attractive pink flowers up to 3 inches broad. 1 yr. 12 to 15 inch. 1000—\$200.; 100—\$30.; 10—\$3.50; 3 for \$1.25; 2 to 3 yr. bushes at twice above prices.

41. **CRAWFISH**. For Stocking and Bait.

Favorite food of black bass, and other fish. 1000—\$30.; 100—\$5. Ship after July 1st. to points in Wis. and adjoining states. Shipment any where in U. S. and Canada during cool weather. Carefully packed but at purchaser's risk.

42. **SUMAC** (*Rhus glabra*). Attractive shrub growing to a height of 15 ft. Large heads of dark-red berries remaining all winter furnish important food for Ruffed Grouse (Partridge), Quail and song birds. Its feathery leaves give a tropical, palm-like suggestion to a northern landscape. Leaves turn a brilliant red in fall. Young trees 2 ft. or over, 1000—\$250; 100—\$35; 10 for \$4.50.

43. **SWEET FLAG** (*Acorus calamus*). Grows in swamps and streams, through Eastern U. S. Water loving plant growing in damp soil or shallow waters. Ornamental plant for borders. Excellent natural food for muskrats. Roots for spring and early summer planting 1000 for \$75.; 100 for \$10.; 12 for \$2.50.

44. **WILD CALLA** (*Calla palustris*). This is a Calla Lily, but much smaller in size. Very desirable for planting in shallow water, cold bogs. Flowers in June. Red berries. Ornamental Border for pools. \$1.50 per doz.; 50c for 3; \$10 per 100.

45. **SWAMP LOOSESTRIPE** (*Lythrum salicaria*). Ornamental. 2 to 4 ft. high. Spikes of showy lavender or rose-colored flowers. Excellent for low ground, swamps, and edge of ponds. Can be grown in ordinary garden. Very hardy perennial. 100—\$20.; 10—\$2.25; 3 for \$1.00.

46. **CARDINAL FLOWER** (*Lobelia cardinalis*). Brilliant, showy, red flowers. For low moist ground at edges of ponds. Hardy perennial. 100—\$20.; 10—\$2.25; 3 for \$1.00.

47. **GREAT BLUE LOBELIA** (*Lobelia syphilitica*). Similar to Cardinal Flower in habit but has blue flowers. Prices same as Cardinal Flower.

48. **AMERICAN OR SWEET ELDER OR ELDERBERRY**. (*Sambucus canadensis*). Berries eaten by quail, ruffed grouse, mockingbird, robin, bluebird, and over 100 other birds. Valuable for cooking and juices. Ornamental. Handsomest of elders in bloom; very sweet scented; clusters of purplish-black berries also attractive. Prefers rich humid soil. Hardy from Nova Scotia to Texas. Grows 5 to 12 feet high. Perennial. 1 to 2 ft. 100—\$30.; 10—\$4.50; 3 for \$1.50.

Cutleaf, Golden and Red-berried varieties of Elder 20% higher.

49 **WHITE MULBERRY**. (*Russian*) (*Morus alba* var. *tatarica*). Edible berries very attractive to quail, ruffed grouse, sharp-tail grouse, oriole, cardinal and other song birds. Often planted in orchards to keep birds from injuring other fruits. Rapid-growing small tree. Very bushy furnishing cover as well as food. Also useful for windbreaks and hedges. Very hardy—withstanding cold, drought and neglect. Thrives in any upland soil, even on gravel. 2 to 3 ft. 1000—\$100.; 100—\$15.; 10—\$2.; 3 for \$1.00.

50. **BENE**. Ideal Quail food for South. Plant on upland. Seed, bu. (40 lbs.) \$30.; peck \$9.

51. **BIRD CHERRY** (*Prunus pennsylvanicum*). Fruit eaten by ruffed grouse, quail, mourning dove, orioles, bluebird, flicker, grosbeaks, thrushes and some 60 other feathered friends. Grows on any upland, even rocky or gravelly, from Newfoundland to British Columbia and South to Colorado and Georgia. Produces pretty white blossoms followed by an abundance of bright red fruit. 3 to 6 ft. 100 for \$50; 10—\$7.; 75c each.

52. **INDIAN'S PLUME, FRAGRANT BALM** (Oswego Tea). One of the most brilliantly colored wild flowers. Grows along shady borders of woodland, streams or pools. Attracts butterflies and Ruby-throated Hummingbirds. Hardy from Quebec to Manitoba, south to Missouri and Georgia. 100—\$25.; 10—\$3.; 35c each.

53. **LOWLAND MIXED BIRD AND DUCK FOOD**. Grows in any damp soil or lowlands. Seed for spring and early summer planting. 1000 lbs.—\$90.; 100 lbs.—\$10.; 25 lbs.—\$3. Not less than 25 lbs. sold. 100 lbs. will plant about 3 acres.

NOTE—Twice the above order will plant 20 acres and will be furnished for \$500.00. Half above order will be furnished for \$145.00.

## OTHER FOLKS SAY:

"The other evening one of our members exhibited Wild Rice grown from seed you sent."

*Otago Acclimatisation Society,  
New Zealand.*

"Had splendid success with your seeds. Attracted lots of ducks during entire season."

*Robert K. Gilbert, California.*

"Wild Celery I bought from you thrived well as also Wapato Duck Potato—the lake looks like a duck paradise."

*W. H. Thompson, Ohio.*

"Wild Celery buds we got from you did first rate. The Association are highly pleased."

*Leo J. MacDiarmid, Secy., Ontario.*

"Wild Rice you shipped me is doing fine."

*J. R. Benroth, Mich.*

"It would do your heart good to see the growth of duck foods in my ponds. Last Sunday I built some blinds there and had Bluebills, Redheads and Pintails watching me nearby, thanks to your feed."

*M. D. Chatfield, Montana.*

"Your man, Mr. Hubert, certainly did a lot of good work in our state. I had the pleasure of working with him one day and only wish that I would have had the time to have been with him every day that he was in the state. We have got a lot of results from every planting that he looked after and I believe that there were more ducks stayed and nested in our state this last year than we ever had before, and feel sure this was caused by the Duck Food he had planted for us. Mrs. Hubert is not only an expert in the planting line, but he has a wonderful personality and scattered good fellowship among our sportsmen. They all speak well of him."

*W. K. Moore, Montana.*

"I wish to say that the duck food which was planted at my ranch has made remarkable progress and I do not know of a single thing that was planted but what is growing. I am very well satisfied with the results obtained. There are several hundred ducks on the waters daily and I presume they are attracted by the natural food which is now there."

*A. F. Stange, Union County, Oregon.*

*"Addresses given on request"*

## FOODS FOR UPLAND GAME BIRDS

These birds must have food and cover. Allow the grass and brush to grow wild along fence rows and in corners. This makes natural cover. Give the Pheasants, Quail and Grouse a chance to become plentiful on your property by providing food and cover for them. The following are among the most important plants, shrubs and trees that furnish food and cover for these birds:

### For Pheasants

Duck Wheat, Wild Duck Millet, Lespedeza, Wild Grape.

### For Quail

Duck Wheat, Chufa, Smartweed, Wild Duck Millet, Wild Grape, Lespedeza, Wild Rose, Sumac, American Elder, White Mulberry, Bene (grows in South), Bird Cherry.

### For Ruffed Grouse

Duck Wheat, Smartweed, Wild Grape, Wild Meadow Rose, Sumac, American Elder, White Mulberry, Bird Cherry.

## FOODS FOR SONG BIRDS

Wild Grape, Wild Duck Millet, Indian's Plum, Wild Meadow Rose, Sumac, American Elder, White Mulberry, Bird Cherry.

Make friends with the birds. Who does not love to have the song birds around, and they will rid your property of objectionable insects. These plants are suitable for planting along fence rows, roadsides, or in fact, any place about your property. When you plant trees or shrubs, plant something to also attract birds. Most of these are very ornamental because of their bright colored berries.

## ORNAMENTAL AND FLOWERING PLANTS AND SHRUBS

### Water, Bog and Marsh Plants

Bulrush, Bur Reed, Cat-tail, Cardinal Flower, Blue Water Iris, Yellow Water Iris, Great Blue Lobelia, Marsh Mallow, Marsh Marigold, Pickerel Plant, Reed Grass, Swamp Loosestrife, Sweet Flag, Thalia, Wampee, Wapato (Arrowhead), Water Cress, American Lotus, White, Yellow and Banana Water Lilies, Water Shield, Wild Calla, Wild Rice.

### Upland Plants

Iris Germanica, Blue Wisconsin Violet, Birds Foot Violet.

### Trees, Shrubs and Vines

Bird, Cherry, Sweet Elder, Mulberry, Sumac, Basket Willow, Laurel-leaved Willow, Pussy Willow, Wild Grape, Wild Meadow Rose, Scotch Pine, Arbor-Vitae, Balsam Fir, Colorado Blue Spruce.
